I'm not buying an \$80k console so I can run real time auto tune at a club gig! Running it on soundgrid is a LITTLE different than a laptop.. com/stars_apart Mikejantram Presonic Joined: 04:40:09 Messages: 284 Location: Denver, Colorado Offline if you get creative with your editing, you can roughly (and i do mean ROUGHLY) auto tune a track after recording.. Little things can be tweaked and sound ok Ive never tried an entire vocal track in this manner.. Using the slice tool, just separate where each note changes in the melody and use the tune function when you right click on the event..
